# Leadership Program for Senior Executives

This leadership programme helps Executives leaders from multiple sectors answer this complex question, and empowers them to drive change within their organizations. By examining personal motivation and purpose, and aligning with the goals of the business, participants will be equipped to successfully navigate the challenges of leadership and manage high-performance teams.

Leadership Programme for Senior Executives, which starts with a leadership assessment, is designed to provide business leaders with an opportunity to re-acquaint or familiarize themselves with core business concepts essential to the roles they perform. From achieving higher results, to building efficient organizations, and responding to and effectively resolving strategic concerns, the course provides those executives with the opportunity to take their organizations to the next level of performance.

This course is very unique in its design and delivery, because it takes leadership to a new level of thinking and influence. The course also focuses on the emergence of new styles of leadership that engage the entire organization and create value on all fronts.

Evaluate personal leadership capabilities, and benchmark against globally recognized leaders.

Influence the culture within their organization through higher engagement and employee

involvement.

Create value by applying vital executive skills across the full range of responsibilities.

Evaluate organizational and workplace disruptions and take advantage of opportunities to

maintain a competitive edge.

Write a personal executive agenda that drives top performance personally and

organizationally.
